KA210-VET - Small-scale partnerships in vocational education and training

Good Practices: *Education In Progress*

Practice number	2.1
Name of the Practice	Verdant EI™
Theme	2. Energy Efficiency
Type	2. Service 4. Mobile App
Developer / initiator	Verdant
Short description	Verdant EITM is a 'do it for me' energy management optimization service that delivers consistent savings without compromising guest comfort.
Goal	1) <i>Maximized Energy Savings all Year Round: Verdant's EITM experts continuously finetune your room settings to optimize your system's performance and maximize savings.</i> 2) <i>No Staff Involvement: Leave your Verdant system operations in the hands of our energy experts so that your staff can focus on other operational tasks;</i> 3) <i>Lifetime Warranty: Verdant EITM includes a lifetime hardware warranty, software updates, and rolling attic stock, so you'll never need to buy another thermostat again.</i>
Detailed description	Verdant EI™ is a 'do it for me' energy management service that ensures your Verdant energy management thermostat settings are continuously optimised to bring you the maximum energy savings possible without any involvement needed from your property staff. When you subscribe to Verdant EI™, a dedicated energy management expert is assigned to your property with a very simple goal in mind: monitor your Verdant system 24/7 and maximize energy savings without compromising on guest comfort, all without requiring on-site staff.

	<i>Our experts use proprietary machine learning algorithms to optimize system settings based on historical performance data, generating the best energy savings possible at your property, year-round. Verdant EI™ includes a suite of mobile and web apps to help you monitor energy savings in real-time, change settings on the fly, or even monitor room occupancy.</i>
Innovativeness	<i>You can manage and monitor your hotel rooms from anywhere, on any device. Verdant EITM includes a cloud-based dashboard and smartphone app to help you monitor your property in real-time and change unoccupied settings on the fly (DASHBOARD, OPERATIONS, ROOM OCCUPANCY, USER MANAGEMENT). Price Starter Kit: \$995 - 970,97 euro</i>
Financial aspect	<i>€€ = Moderate investment</i>
Country	<i>Canada</i>
Target Group	<i>Small and big hotels,</i>
Transferability	<i>The kit is ordered, so it is easily applicable to any structure.</i>
